## JOSHUA BASIN WATER DISTRICT REGULAR MEETING OF THE BOARD OF DIRECTORS WEDNESDAY APRIL 15, 2015 7:00 PM 61750 CHOLLITA ROAD, JOSHUA TREE, CALIFORNIA 92252 AGENDA

| 1. | CALL | ТО | ORDER  |
|----|------|----|--------|
| 1. | CILL | 10 | OILDLI |

- 2. PLEDGE OF ALLEGIANCE
- 3. DETERMINATION OF QUORUM
- 4. APPROVAL OF AGENDA

## 5. PUBLIC COMMENT:

This is the opportunity for members of the public to address the Board on matters within the Board's jurisdiction that are not listed on the agenda. Please limit comments to three (3) minutes or less. State law prohibits the Board of Directors from discussing or taking action on items not included on the agenda.

- Pgs. 1-4
   6. CONSENT CALENDAR: Items on the Consent Calendar are considered routine in nature and will be adopted in total by one action of the Board of Directors unless any Board Member or any individual or organization interested in one or more consent calendar items wishes to be heard.
   A. Approve Draft Minutes of the April 1, 2015 Regular Meeting of the Board of
  - A. Approve Draft Minutes of the April 1, 2015 Regular Meeting of the Board of Directors
- Pg. 5
   7.
   RESOLUTION OF APPRECIATION FOR SHIRLEY BOLHA UPON HER RETIREMENT Recommend that the Board approve Resolution 15-948.
- Pgs. 6-7 8. PRESENTATION ON HYDRO PROFILING CHROMIUM 6 Recommend that the Board receive information on the purpose of funding a hydro profiling project.
- Pgs. 8-99.PRESENTATION ON ANION TESTING<br/>Recommend that the Board support the research proposal by the BOR to test ion exchange<br/>treatments specific to JBWD water conditions, and the potential application to other small<br/>community water districts with chromium 6 concerns.
- Pg. 10
   10.
   APPROVAL OF FUNDING FOR HYDRO PROFILING, AS PART OF THE DISTRICT'S CHROMIUM 6 TREATMENT PLAN

   Recommend that the Board direct the General Manager to enter into an agreement with BESST Technologies to hydro profile one well and receive a report of findings, with the project not to exceed \$31,000.

| Pgs. 11-37 | 11. | SECOND QUARTER FINANCIAL REPORT   |
|------------|-----|---|
|            |     | Recommend that the Board receive and accept report.   |

## **INFORMATION**

1

The public is invited to comment on any item on the agenda during discussion of that item.

Any person with a disability who requires accommodation in order to participate in this meeting should telephone Joshua Basin Water District at (760) 366-8438, at least 48 hours prior to the meeting in order to make a request for a disability-related modification or accommodation.

Materials related to an item on this Agenda submitted to the Board of Directors after distribution of the agenda packet are available for public inspection in the District's office located at 61750 Chollita Road, Joshua Tree, California 92252 during normal business hours.

<u>This meeting is scheduled to be broadcast on Time Warner Cable Channel 10 on April 22 at 7:00 pm and April 29 at 7:00 pm.</u> DVD recordings of Joshua Basin Water District Board meetings are available at the District office and at the Joshua Tree Library

## JOSHUA BASIN WATER DISTRICT Minutes of the REGULAR MEETING OF THE BOARD OF DIRECTORS

## April 01, 2015

Victoria Fuller

Present

- 1. CALL TO ORDER: 7:00 PM
- 2. PLEDGE OF ALLEGIANCE
- 3. DETERMINATION OF QUORUM:

|                      | Bob JohnsonPresentMickey LuckmanPresentMike ReynoldsPresentRebecca UngerPresent  |

| CONSULTANTS PRESENT: | Gil Granito, District Counsel, Redwine & Sherrill<br>Kathleen Radnich, Public Outreach Consultant<br>Mike Metts, Engineer, Dudek |

### GUESTS

## 4. APPROVAL OF AGENDA

MSC Luckman/Johnson 5/0 to approve the agenda for the April 01, 2015 meeting, Tabling Item 10.

| Fuller   | Aye |
|----------|-----|
| Johnson  | Aye |
| Luckman  | Aye |
| Reynolds | Aye |
| Unger    | Aye |

7

## 5. PUBLIC COMMENTS:

Valleri Woodard of Joshua Tree: Government Brown 25% reduction of water usage - how do we save 25% and bring in new water users, potentially pumping more water at the same time?

## 6. CONSENT CALENDAR

MSC Luckman/Reynolds, 5/0 to approve Draft Minutes of the March 18, 2015 Regular Meeting of the Board of Directors with corrections to name "Fick."

| Fuller   | Aye |
|----------|-----|
| Johnson  | Aye |
| Luckman  | Aye |
| Reynolds | Aye |
| Unger    | Aye |

## 7. CERTIFICATE OF RECOGNITION FOR WATER EDUCATION EFFORTS PRESENTED BY SENATOR JEAN FULLER'S FIELD REPRESENTATIVE JIM SCHOOLER

Victoria Fuller expressed appreciation to Senator Fuller for her interest in the community of Joshua Tree, acknowledging she has visited the JBWD twice this year.

Jim Schooler informed the Board that Senator Fuller would be establishing a Morongo Basin field office at 7248 Joshua Lane in Yucca Valley. Hours will be Tuesday, Wednesday and Thursday from 9 to 12 noon. Jim Schooler presented the Certificate of Recognition for Water Education Day. President Victoria Fuller accepted the Certificate on the Board's behalf.

## 8. OVERVIEW OF DISTRICT WASTEWATER TREATMENT STRATEGY

Mike Metts, Consulting Engineer from Dudek, gave the presentation. Questions and discussion followed from the Board and from the Public.

## 9. A REVIEW OF INFORMATION PROVIDED TO THE BOARD CONCERNING THE KAYE KEENE REQUEST FOR A VARIANCE

General Manager provided information only. General Manager Curt Sauer reviewed all documentation from 2011 through 2014 including DVDs of Board meetings, and conducted meetings with Ms. Keene, Mr. Fountain, Mr. Metts, former Board member Gibbons and staff. GM Curt Sauer found no significant errors provided to Kay Keene or to the Board. Current policy was correctly presented to the Board. In regards to the review of the protracted variance request, the information provided to the Board for decision making was accurate and complete.

Public comment: Richard Fountain representing Ms. Keene gave comment and requested information from Mr. Metts, and challenged Mr. Metts' report, specifically regarding whether or not elevations in Pressure Zone D could be serviced.

General Manager Sauer provided additional detailed information found during his review regarding remote meters, [to accommodate Mr. Fountain's comment and question] including regulations and policy, and engineering information specific to the Kaye Keene property.

GM Curt Sauer provided evidence that the Kaye Keene property was not occupied previously and continuously by the current owner from January 1, 2000 to present, which was one of the requirements needed to establish eligibility for remote meter installation.

Estimate of cost for review: GM stated costs to review this issue, just since last April are over \$3000.00. GM stated the costs for all reviews easily exceed \$10,000.00

Board member Mike Reynolds expressed disappointment and concern that Richard Fountain was not provided adequate time to ask questions and discuss the issue and would like to hear the other side of the story (i.e. reconsideration). Reynolds moved for a motion to grant the variance to Kaye Keene if she paid back payments as though she was in the assessment district, plus review costs. Gil stated Motion would need to be rescheduled as per the Brown Act.

Mickey Luckman moved that the Board ratify and confirm that the information provided by staff is correct and accept that the two previous decisions not to issue a variance are appropriate and to consider the matter closed.

| Fuller   | Aye |
|----------|-----|
| Johnson  | Aye |
| Luckman  | Aye |
| Reynolds | No  |
| Unger    | Aye |

## STANDING:

- A. PUBLIC INFORMATION COMMITTEE: Kathleen Radnich, Public Outreach Consultant, gave the report. Water Education day was a great success. April is state earthquake preparedness month. Message: Everyone should take responsibility and prepare for their own households waterwise in case of potential water service interruptions, an so that the District can concentrate on repairing infrastructure should that become necessary in an emergency.
- Next year Water Education day will be held during the last weekend in March 2016.
- B. FINANCE COMMITTEE: President Fuller and Director Johnson: Tabled
- C. WATER RESOURCES & OPERATIONS COMMITTEE: Vice President Luckman and Director Johnson: There will be a meeting next month.

## 11. PUBLIC COMMENT

Loretta of Joshua Tree: Requested less use of acronyms during the Board meeting.

David Fick, Joshua Tree resident: March 14<sup>th</sup> was the grand opening of golf course in Yucca Valley, and mentioned concerns for the large acreage and water usage. Fick states snowpack at 6%, a record low, and refers to a new executive order that will require water use to be reduced by 25%. Mr. Fick expressed concern for providing Will Serve letters for the Nexterra solar project which will potentially use large amounts of water. Can the Board consider a moratorium on elective water projects, including Nexterra?

## 12. DISTRICT COUNSEL REPORT

General Counsel Granito gave report: No report. Commentary regarding a Will Serve letter: Water availability is only one side – both water and sanitation must be considered for a Will Serve letter. Thus, "Will Serve" may be an ambiguous term. Counselor Granito suggests possibly changing to "water availability report" so that wastewater treatment strategy would be treated as a separate issue.

## 13. GENERAL MANAGER REPORT

General Manager Curt Sauer gave the report. An Executive Order was issued from Governor Brown re: 45 days to implement emergency regulations.

## 14. FUTURE DIRECTOR MEETINGS AND TRAINING OPPORTUNITIES

Technical Advisory Committee on April 2, 2015 10:00 AM FEMA Training April 8, 2015

## 15. INDIVIDUAL DIRECTOR REPORTS ON MEETINGS ATTENDED None.

## 16. DIRECTORS COMMENTS/REPORTS:

Director Reynolds was complementary of the garden, and concerned about the drought, and noted Caltrans was washing the street with water on the mesa in Yucca Valley last week. Johnson and Fuller expressed gratitude and appreciation for information provided during the meeting and for a successful Water Education Day.

## 17. FUTURE AGENDA ITEMS

Director Unger would like more commentary regarding a Moratorium. General Counsel Granito will provide information about a case example that was challenged for a moratorium at a future Board meeting.

## 18. ADJOURNMENT

MSC Luckman/Reynolds 5/0 to adjourn the Regular Meeting of the Board of Directors of April 01, 2015 at 9:20 pm

| Fuller   | Aye |
|----------|-----|
| Johnson  | Aye |
| Luckman  | Aye |
| Reynolds | Aye |
| Unger    | Aye |

Respectfully submitted:

Curt Sauer, General Manager and Board Secretary

## JOSHUA BASIN WATER DISTRICT MEETING AGENDA REPORT

## Meeting of the Board of Directors

April 15, 2015

Report to: President and Members of the Board

Prepared by: Susan Greer

TOPIC: RESOLUTION OF APPRECIATION FOR SHIRLEY BOLHA UPON HER RETIREMENT

RECOMMENDATION: Approve Resolution 15-948

ANALYSIS:

Shirley Bolha has announced her retirement after 47 years with the District. Imagine what changes Shirley has seen, both at Joshua Basin Water District and the entire Morongo Basin? She has worked with 11 different General Managers, as well as several more interim managers and dozens of board members. Shirley is the beloved matriarch of the staff and we will miss seeing her every day.

We have written a resolution of appreciation for Shirley, but have not included it in the packet to keep the contents a secret for Shirley. She has been invited to attend the board meeting to accept her resolution in person.

STRATEGIC PLAN ITEM: N/A

FISCAL IMPACT: N/A

## JOSHUA BASIN WATER DISTRICT MEETING AGENDA REPORT

## Meeting of the Board of Directors

April 15, 2015

Report to: President and Members of the Board

Prepared by: Curt Sauer CLA

TOPIC: Presentation on Hydro profiling - Chromium 6

RECOMMENDATION: That the Board receive information on the purpose of funding a hydro profiling project

ANALYSIS: On July 1, 2014 the State Department of Public Health adopted regulations for Chrome 6. The maximum contaminant level (MCL) is 10 ppb. The District had been testing for Total Chromium for the past several years and expected that all 5 wells would exceed this MCL if it was adopted.

As part of the regulations, the District is required to test quarterly, for up to one year to determine if this MCL is exceeded. We have tested twice, in December of 2014 and March of 2015. Four of the 5 wells have exceeded the MCL on both tests.

In the fall of 2014 the District held discussions with the CDPH District Engineer McCarthy, now with the State Water Resource Control Board, Division of Drinking Water. He is aware of our situation and has stated that if we are working on the issue he will work with us to achieve compliance.

Current regulations would place the District out of compliance immediately, once the wells fail their quarterly tests. However, SB 385, which seeks to grant a variance from the hexavalent chromium standard for up to 5 years as long as a District is following a compliance plan, has been introduced. Assembly Member Chad Mayes is a coauthor of the bill. I will be meeting with Mr. Mayes on May 6 to explain how the regulations affect us and to express our support for the bill.

In November, 2014 voters passed Proposition 1, a 7.2 billion dollar bond issue. Within the Bond are:

- 1. \$260 million for safe drinking water, with priority for disadvantaged communities, of which we are one.
- 2. An additional \$725 million for water recycling, including desalination and water quality. We may be able to compete for these funds.
- 3. And finally, appropriate to JBWD, there are \$900 million identified for groundwater Sustainability and Cleanup. \$100 million is for Sustainable Groundwater Planning and projects (such as a Sustainable Groundwater Plan) and potentially "cleanup" of chromium 6.

In order to be competitive for grants to address the Chromium 6 issue we have begun to work cooperatively with MWA and Bureau of Reclamation. We have also attended a SWRCB public workshop on Prop 1 grant guidelines (March 26<sup>th</sup>) and, last week, attended a California Rural Water

Association session on Infrastructure Planning and Funding.

It is clear that monies are going to be available to deal with this issue, either through grants or loans. In order to be competitive, the District must establish a project that illustrates how we intend to address the issue. Dudek Engineering has been actively involved with our initial efforts. They will be actively involved in project development, as well as assisting with grant application requirements. Their Grants office is also monitoring Prop 1 funding opportunities.

The next two items are intended to brief the Board on the foundational information needed to draft a compliance plan and seek funding for future projects.

In addition to anion exchange treatment potentials, which we will cover in the next topic, the District has located BESST Technologies, the only company with equipment that can conduct hydro profiling without having to take well 14 off line. The company is well known in the field of hydro profiling, having conducted over 500 well profiles for various constituents.

Noah Heller, President of BESST Inc. will present an overview of this project.

STRATEGIC PLAN ITEM:

FISCAL IMPACT:

## JOSHUA BASIN WATER DISTRICT MEETING AGENDA REPORT

Meeting of the Board of Directors

April 15, 2015

Report to: President and Members of the Board

Prepared by: Curt Sauer

TOPIC: Anion Exchange Testing Program, partnership with Bureau of Reclamation (BOR)

RECOMMENDATION: That the Board support the research proposal by the BOR to test ion exchange treatments specific to JBWD water conditions, and the potential application to other small community water districts with chromium 6 concerns.

ANALYSIS: For several years the District has been aware that Chrome 6 levels in all 5 wells would exceed the 10 ppb MCL if the State enacted chrome 6 regulations at 10 ppb. In July, 2014 the state did enact regulations requiring treatment for wells exceeding 10 ppb. Since that time the District has tested all 5 wells twice. MCL levels exceed State standards.

Following a series of exploratory meetings between BOR, Mojave Water Agency and the District, BOR has committed to a Rural and Small Community Chrome Removal Applications project. Ion exchange has been recommended by USEPA as a Best Available Technology (BAT) for the removal of chromium from drinking water sources. The removal of chrome by ion exchange is well understood and is currently being applied at several full-scale water treatment plants. Reasons to test specific site water quality with ion exchange resins is to determine an operational cycle for the resin and determine operational parameters for a full-scale water treatment plant.

Ongoing research studies, including the one presented here, are all geared towards reducing the waste fraction produced. The research project will investigate different options for waste mitigation while also determining the operational parameters for a full-scale treatment plant. Mojave Water Agency (MWA) is working collaboratively with Joshua Basin Water District and the BOR to recommend BAT for the removal of chromium from drinking water sources. This includes the review and analysis of water quality data, as well as researching the operation of the several full-scale water treatment plants and how they handle the waste that is generated. This research includes possible waste site locations, processes and methodology of reducing the cost of handling the waste generated during the treatment process.

The BOR study will: Compile historical water quality and usage on each of the source water wells to understand fluctuations in water quality and flow rate, in addition to identifying the most impacted source water. Determine if additional water quality sampling is required for the source water.

The ion exchange process will be tested at the bench scale to determine the optimal resin to be used for full-scale application, and dependent on the results of the historical water quality and hydro-profiling, the optimal location(s) for site testing will be determined. Resins that will be tested are weak base anion (WBA) exchange and strong base anion (SBA) resins. Factors that will be considered for the SBA resin are bed volume of operation until regeneration is required (based on reaching target effluent chrome concentrations) and the quantity of brine needed for a regeneration. The WBA resin will be tested until effluent chrome concentrations have risen to breakthrough levels while quantifying the radionuclide mass balance to determine the controlling factor for resin replacement; either mass of radionuclide or effluent chrome concentrations levels arises (such as sulfate, arsenate, nitrate and bicarbonate), radionuclide concentrations levels across different wells, chrome concentrations across different wells, and potential chromatographic peaking of other regulated water constituents. Sodium chloride will be used as the regenerant solution.

These findings will be used, in conjunction with the hydro profiling study, to identify and propose a systematic treatment approach of the District's 5 wells, particularly if water quality concentrations vary along the depth of the wells.

Additionally, BOR, MWA and the District will work to determine a feasible methodology, and present this technology in a non-proprietary public arena, making this process available for application with other water districts needing to treat chromium 6.

Miguel Arias-Paić, BOR Environmental Engineer who has the lead on this project, has over 15 years experience with advanced water treatment bench, pilot and full scale system design, automation, construction, test plan development, and field testing. He has been involved with research review and oversight of research programs through Reclamation, Environmental Protection Agency, Water Reuse Foundation and Water Research Foundation.

Miguel will present an explanation of the project.

## STRATEGIC PLAN ITEM:

FISCAL IMPACT: Limited. The BOR has committed up to \$85,000 for the research, with the District and MWA supplying in kind support such as collecting water samples and monitoring the field equipment.

## JOSHUA BASIN WATER DISTRICT MEETING AGENDA REPORT

Meeting of the Board of Directors

April 15, 2015

Report to: President and Members of the Board

Prepared by: Curt Sauer

TOPIC: Approval of funding for Hydro Profiling, as part of the District's chromium 6 treatment plan.

RECOMMENDATION: That the Board direct the General Manager to enter into an agreement with BESST Technologies to hydro profile one well and receive a report of findings, with the project not to exceed \$31,000.

ANALYSIS: The Board has been briefed on what we believe to be the best path forward to address the Chromium 6 issue.

The cost to complete the hydro profiling component of the process is \$28, 659. I am including the additional \$2,341 for lab samples and other miscellaneous costs, so that the Board has an accurate estimate of the total project. These monies are in the 14/15 budget.

STRATEGIC PLAN ITEM:

FISCAL IMPACT: \$31,000

## JOSHUA BASIN WATER DISTRICT MEETING AGENDA REPORT

## Meeting of the Board of Directors

## April 15, 2015

Report to: President and Members of the Board

Prepared by: Susan Greer

TOPIC: SECOND QUARTER FINANCIAL REPORT

RECOMMENDATION: Recommend that the Board receive and accept report

ANALYSIS:

The financial report for the quarter ending 12/31/14 is attached. A full presentation will be given at the meeting.

STRATEGIC PLAN ITEM: N/A

FISCAL IMPACT: N/A

## 2nd QUARTER ENDING 12/31/14 FINANCIAL REPORT SUMMARY

## **CASH FLOW**

\$770K water bill payments collected during the quarter
\$994K property taxes/assessments collected during the quarter
\$224K spent on capital projects during the quarter; less than \$1M for first time in 9 months
\$147K spent on water recharge during the quarter
Total cash INcreased \$601K during the quarter, due to receipt of taxes and decreased capital spending

## **CASH BALANCES**

Capital spending has stabilized and cash is increasing Total cash as of 12/31/14 is INcreased \$601K over last quarter Total cash as of 12/31/14 is INcreased \$1.2M from one year ago

## PROPERTY TAX AND ASSESSMENT COLLECTIONS

Property tax revenues have been billed, and are about 1% less than budget and 2% less than prior year Tax collections have begun and are about 3% less than prior year, but in line compared to revenues

### BOARD REPORT

Total Revenues are 70% of budget, including property tax and assessment revenues Water Revenues are 51% of budget Total Expenses are 40% of budget Total revenues exceed total revenues by \$1.6M

### CONSUMPTION STATISTICS

Y-T-D usage through 12/31/14 is 7% less than last year, including construction water provided for solar and recharge projects, which skew both years

## 2nd Quarter Ending 12/31/14 CASH FLOW EXPLANATION

| Beginning Cash Balance 10/1/14  | \$3,780,861 |
|---|-------------|
| Source of Funds (Revenues)  |             |
| Total cash received during the quarter from all sources   | 1,814,343   |
| Water bill payments of \$770,000 received from ratepayers   | *           |
| Property Tax/Assessment Payments of \$994,000 received  |             |
| New meter purchased - fees of \$4,400 received  |             |
| <u>Use of Funds (Expenses)</u>  |             |
| Total use of cash during the quarter for all purposes   | 1,213,429   |
| Capital costs during the quarter - \$224,000<br>- Recharge project end costs<br>- New trucks<br>- USGS Nitrate study<br>First time these costs are less than \$1M in 9 months |             |
| Water purchase - recharge - \$147,000   |             |
| Other Use of Funds costs indicated are average and typical  |             |
| Ending Cash Balance 12/31/14  | \$4,381,775 |
|   |             |

Total cash increased during the quarter by \$601,000 due to receipt of taxes and slowdown of capital spending.

## **Capital projects affect cash position**

Total cash balance as of 12/31/14 is increased \$601K over last quarter due to receipt of property taxes and slowdown of capital spending Total cash balance as of 12/31/14 is increased \$1.2M from one year ago due to receipt of grant funds and slowdown of capital spending The Opportunity Fund balance has increased \$984K from one year ago and increased \$440K from last quarter (goal is \$2M) Note the Investment Fund has a zero balance; this will be replenished after Opportunity Fund balance is back to \$2M The HDMC Deposit has been spent in full

# District-restricted funds have been Board-designated for a special purpose, but the Board may change this at any time

Reserves - equipment and technology- for replacement of vehicles, equipment and technology wells and boosters- for replacement of wells and boosters Opportunity Fund - for special opportunities, such as early payoff of the ID#2 bonds in 2012, saving about \$19,000 interest Emergency Fund - as the title implies, for emergencies, such as well failure or earthquake

# Legally-restricted funds are restricted by law for a specific purpose

CMM funds received are all legally-restricted for costs associated with the CMM Assessment District

Consumer Deposits belong to customers and will eventually be returned or applied to account balances, as appropriate

Capacity Fees, both water and sewer, can legally be used only for costs associated with "growth," such as new infrastructure

|   |               |                             | ID#2    | General District Taxes | CMM Assessment District<br>Prior | Standby Assessments<br>Prior | TOTAL     |

ଅନrior year collections, as of the same date, are about 8% less than current year collections. ଉ ଭ As of 12/31, overall collections are about 3% less than last year and revenues are 2% less.

ccMM Assessment District funds are "pass-through" only; we are collecting funds to pass through to a third party. General District and Standby Assessments are District funds and can be used for any legal District purpose. BD#2 funds are pay-back to the District, after early payoff of the debt; this is final year of collection.

CMM and Standby assessments have been split between current and prior. CMM shows less current and prior collections

compared to last year. For Standbys, both current and prior payments are decreased.

## JOSHUA BASIN WATER DISTRICT MEETING AGENDA REPORT

## Meeting of the Board of Directors

April 15, 2015

Report to: President and Members of the Board

Prepared by: Susan Greer

TOPIC: UPDATE ON CREDIT CARD OUTSOURCING

RECOMMENDATION: Information Only

## ANALYSIS:

As authorized many months ago by the Board, we are implementing outsourcing acceptance of credit card payments to a third party provider, Paymentus Corporation. This effort will save the District approximately 50% of the costs incurred previously, while offering ratepayers many more customer-friendly features and options for payment.

The implementation date is nearing, with no more board meeting scheduled before that effective date on May 1. As of that date, customers will be redirected to a third party website to make credit card payments of any sort, even if they come into the office, but can also pay with e-checks. I will provide a very brief presentation at the meeting, explaining some of the new features, especially for the benefit of ratepayers who watch the meetings on television.

STRATEGIC PLAN ITEM: N/A

FISCAL IMPACT: N/A

## JOSHUA BASIN WATER DISTRICT MEETING AGENDA REPORT

Meeting of the Board of Directors

April 15, 2015

Report to: President and Members of the Board

Prepared by: Curt Sauer

TOPIC: Nomination of Luke Sabala to CAC

RECOMMENDATION: That the Board appoint Luke Sabala to the Citizens Advisory Committee

ANALYSIS: The purpose of the CAC is to review important issues and make recommendations to the Board. CAC guidelines recommend 6 to 12 members who are registered voters and residents, account holders or property owners in the District. Currently the Committee consists of 6 members. Upcoming issues include chromium six treatments, including hydro profiling and anion exchange treatment methodologies.

Mr. Sabala's background in geotechnical and hydrologic areas would be a welcome addition to the CAC. He meets all of the criteria of membership and has expressed an interest in serving on the CAC for at least the next year. I have worked with Mr. Sabala in the past and find his analytical abilities helpful. He is also personally committed to safety and I would welcome his opinions about safe working procedures as well as his scientific background.

Appointments to the Committee are made by a majority vote of the Board

STRATEGIC PLAN ITEM:

FISCAL IMPACT: None

## Luke Sabala Resume

May 2003 to Present

## **Branch Chief Physical Scientist**

Joshua Tree National Park 74485 National Park Drive Twentynine Palms, Ca 92277

Duties: Program management for physical sciences including but not limited to: Fiduciary oversight for all physical science branch programs; groundwater monitoring; geologic research; night sky (light pollution) monitoring; soundsacpe (noise pollution) monitoring; review of environmental documents relating to alternative.

June 1999 – May 2003

## Field Manager

American Geotechnical 22725 Old Canal Road Yorba Linda, CA 92887

Duties: Conducted field operations for both northern and southern California including but not limited to: forensic investigations on homes and structures that had succumbed to geotechnical influences like earthquakes (Northridge) and land slides; construction defect litigation cases; geologic mapping and logging of test excavations coordination of all field operations for class-action litigation cases.

June 1986 to May 2003

## Sr. Engineering Technician

American Geotechnical 22725 Old Canal Road Yorba Linda, CA 92887

Duties: Field review on mass grading operations, foundation excavations and steel placement compaction testing (both sand cone and nuclear testing) subsurface exploration geologic mapping and documentation.
